- Flocket Design But Powerful. 2 Reduce your weight burden: It is only 8.1 x 6.2 x 2.1 inches and 13.6 ounces. It's Mono loudness up to 126d8. The Sound covers over about 600nl. Lightweight and powerful make your presentations more successfully

 Long Working Time 2. The inbuilt battery of 1500 mAh provides a 10-hour working time, If use it for 3 hours per day, you can use it about 1 week after 3 hours full recharge

 Never Be Unheard Again 2. The updated version-MAONO AL-CO1 Voice Amplifier has outstanding amplification function. The unidirectional(cardioid) microphone collects only the voice from your mouse without picking up any background sound while the dual voice oil 360 stereo speaker amplifies your voice more natural and real.

 LISB 1 Micro. ISB Changing 1 biblie other old-school voice amplifies with requires a violuse charging.
- voice more natural and real

 **CUSB to Micro USB Charging 3 Unlike other old-school voice amplifier which requires a unique charging adaptor, MAONO YP is using micro USB port, so you can just use your mobile charger and cable to charge it, no need to worry about tosing your PA's adapter

 **FPM & Music Player 3 Support TF card and AUX line—in to play music with the 3.5mm male to male Aux cable, it can even play music white you input the microphone, and it becomes a mini karaoke system. Besides, it is also a portable FM radio that you can disten to your favorite channel anywhere. Package Contents: amplifier, wired headset, Lithium battery, walstband, Audio cable, USB cable, User manual. GOOD after-sale service: Any problem please contact us after purchase.)

New (1) from \$31.99 Details
